

PYLEET

1998

*Reflecting back.
Thinking about today.
Looking towards
the Future!*

Welcome

Dedication

Hello Again from...

R.M. Pyles Boys Camp

Welcome to the PYLET! The Pylet is Pyles Camp's official year book. It started in the 50's as the "Pyles Boys Camp Newsletter". In 1956 a camper from Los Angeles named it the PYLET and it has stuck for all these years.

We hope the PYLET brings back happy memories and good feelings about yourself and your experiences at camp as well as reminding you of the friends you made. We also hope it reinforces the lessons you learned while at camp.

This PYLET was created especially for you. ENJOY!

Salute to Charles "Chisholm" Chrisman

Every year we dedicate our Pylet to an individual who has made a significant contribution to our program. Board members, selectors, dedicated volunteers have all been highlighted. We have also highlighted seasonal staff who, because of their outstanding efforts, have made our work with disadvantaged boys more effective.

One such individual is **Charles "Chisholm" Chrisman**. A man of many talents, Chisholm has served in a variety of capacities for 19 years. A skilled horseman, Chisholm first served as a volunteer hauling our horses from their winter pasture to our camp and back. Because of his love of horses, Chisholm began his seasonal staff work as the wrangler teaching inner-city boys the basics of horsemanship.

In more recent years, Chisholm has provided expert care of our facilities. In addition to daily maintenance, grounds watering and minor repairs, Chisholm oversees all our power plant, water system and major facilities needs. A tireless worker with a good heart, he is quick to make the necessary trips into town (a 200 mile round trip!) for supplies or needed parts.

Chris is always on the lookout for a deal and has helped in obtaining free or discounted parts and services on numerous items. An independent and extremely reliable person, he takes a large burden off the shoulders of our Camp Director "Bravo".

More than just a superb facilities manager, Chisholm's first love is still horses. Keeping an eye on the corrals, he has been invaluable in packing supplies to our wilderness camps when our regular packing volunteers are unable to, and provide horse care advice to our seasonal wranglers.

Unlike many facilities managers who remain aloof and unknown to the often much younger seasonal staff, Chisholm is an important part of our extended family. Chisholm interacts well with these younger staff and serves as an important role model. Chisholm participates in our campfires, skits and in the day-to-day family life that typifies summer residential camps.

Well respected and much loved, it is with great pleasure that we dedicate this year's Pylet to Charles "Chisholm" Chrisman. A man who is an important part of our Pyles Camp family.

We love you Chisholm!!!

“Nana,” the **HEART** of the program

What good is a camp without a cook? We have all heard the stories about “camp food”. That is until you have been to Pyles Camp! We know better, we have the best - Nana!

Nana was first introduced to the program 40 years ago in 1958 by Eddie “Babalucci” Calderon. At that time camp had no road and limited electricity. Nana and all the supplies were packed in on horseback. Nana has seen the camp grow and go through many changes, watched thousands of campers develop into positive leaders and role models to new campers. Even her own kids grew up spending the summers at camp.

Over the years Nana has cooked thousands of fantastic meals. Mr. Pyles truly believed that people were more willing to listen and try new things if they were well fed. Nana had no complaint to that way of thinking and went to work preparing some of the best food many of us have ever had! Even the bears love Nana, as many of the campers will remember from this summer.

Not only does she cook in the summer, she heads for camp in May to cook for all the volunteers at the work parties, and is there cooking for the schools that rent the camp out at the end of September. During the winter months she is preparing the order for next summer.

Nana is the heart of the program! We may be a rough-n-tough wilderness program but everyone at camp has a special soft spot in their hearts for Nana.

*We love and thank you Nana
for all your years of hard work
and dedication to the program.*

We wish you many more!

Congratulations to Daniel “Weasel” Forester

It is with great honor and privilege to announce the marriage of Daniel “Weasel” Forester. On November 2, 1998 Weasel married Holly Dalrymple. Weasel met Holly while working for the Sun Dance Ski area in Utah. Both had recently returned from missions with their church and with similar interests they hit it off right away. Weasel said he knew she was the right one from the start of their relationship. Holly, we only ask that you share Weasel with us a little each summer.

Congratulations Weasel and Holly! Everyone at Pyles Boys Camp would like to wish the two of you a long life together filled with joy and happiness.

Dedication

Special

Rocky

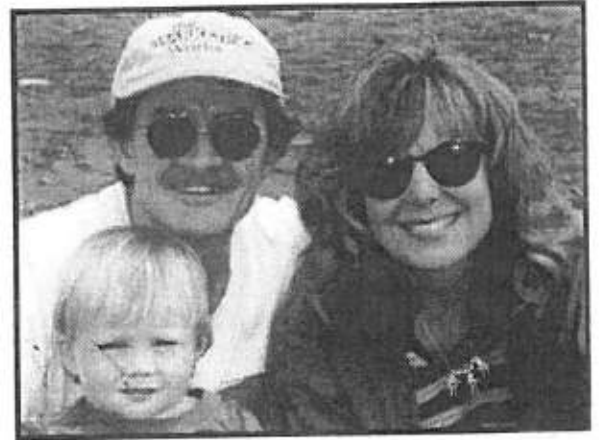

Keep the **LESSONS** you learned strong!

Winter is here, school is on and life continues. Yet we hope that your memories of Pyles Camp are as strong as ever. More than good memories however, we hope that the lessons you learned at camp are also strong.

Lessons, what lessons? Things like perseverance, not giving up and knowing you can achieve a goal if you are willing to work hard. Lessons like teamwork, respect for others and personal responsibility. Lessons like to get a friend you need first to be one.

Remember this one? You are responsible for your actions and for your life. No one else. That you can't blame others for actions you do or don't do. Failing in school? What are you doing to fail? And what do you need to change to start passing?

Finally the lesson that there is a great future waiting for you. If..... If you set a goal and stick to it. If you choose your friends wisely. Remember the saying you are who you hang out with? Hang with losers and you will be a loser. Hang with winners and guess what... you will be a winner.

It is very easy to shine in the mountains, it is very hard to continue to shine when the pressures and temptations of everyday life are constantly before you. Now is where your personal commitment to be the best you can be is tested. Are you passing the test?

We hope you are. One way to get recharged is to attend our winter retreats, field trips and camp outs. So when that invitation arrives, be sure to return it. You will be glad you did. Never hesitate to call or write us. We want to hear from you!

CAMP, GOALS AND LIFE

A message from Board President Don Yunker

As each of you knows, the concept of "goals" is a cornerstone of R.M. Pyles Boys Camp. Mr. Pyles and the original Board of Directors' goal for the camp was to assist boys in becoming productive and responsible citizens.

Over the last forty-nine years, thousands of boys have made the camp's goal a reality. Boys have

become men.

Today, I have the privilege of serving on the camp's Board of Directors with three of these success stories: Dr. Carl Cohn – Superintendent of Schools, Long Beach School District; George "Spider" Sylva – Vice President of Production, Quantum Television; and Robert "Spook" Tafoya – Attorney at Law.

If asked I am sure that each of these three men would readily acknowledge that having goals was critical to their success. I also am sure that they – like you – learned the importance of having goals at camp.

It is never too early – or too late – to set goals. Seize the moment! Set some goals. Become a Pyles Camp success story. You can do it!

Don Yunker

You belong to a **BROTHERHOOD**

"Each succeeding generation takes up the work that is laid down by those who pass along, leaving behind them traditions and a standard of achievement that must be lived up to by those who claim brotherhood of the Keepers of the Trail."

Men Of the Last Frontier, 1931

As I read this passage, I quickly think of Pyles Camp. As we move into our 50th year it becomes more evident than ever of the traditions and brotherhood that have been passed down from Mr. Pyles, Smokey, and other dedicated people who started this program. Very few programs can survive as long as Pyles Camp without having a strong sense of tradition being passed down for generations.

Each succeeding generation of Pyles Camp staff takes up the work that is laid down by those who have moved on, and that new generation of staff must leave behind traditions and a standard of achievement that must be lived up to by those who will claim brotherhood at Pyles Camp.

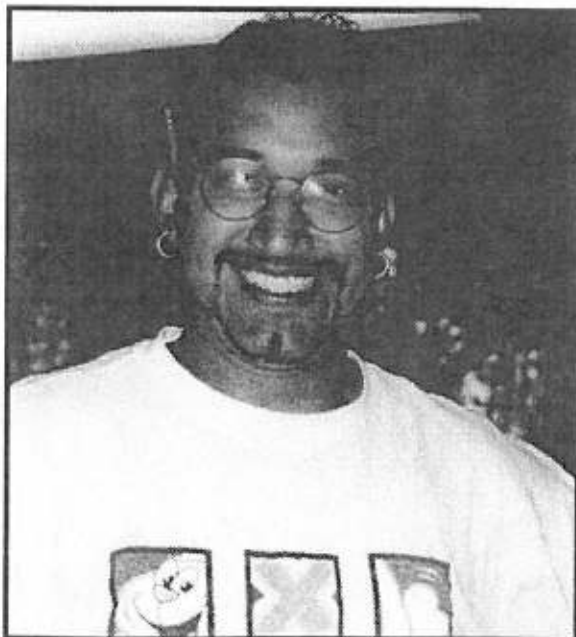

Many of Pyles Camps traditions are mental and action oriented. These were reflected in the lessons and "tools" you gathered; hard work, set-

ting goals and achieving them, having a positive attitude, taking initiative, the messages from the "Thought for the Day", and being a positive role model to those around you.

The men who started these traditions nearly 50 years ago did not just act that way at camp, they applied these lessons to their life every day. It's now up to each one of us to continue these traditions at camp and in our lives. What we leave at camp, the following generation will carry on.

Take **PRIDE** in all that you do!

Finding the reasons why we do things sometimes seems hard. Finding excuses why we don't however is easy. One thing I have always strived for is to take whatever thing I'm working on and give it 110% effort. In other words, take PRIDE in what I do. This way, I feel good about doing it and feel an even greater sense of accomplishment when it is done. If we do things with a negative attitude, then we probably won't finish them right and will probably have to do them again.

I want to thank all the staff of this summer for giving it 110% effort and taking PRIDE in all your work. This has been one of the greatest summers ever. Also, I noticed many of you campers took PRIDE in your camp experience. Did it pay off? In the camp spirit...

“Find the **REWARD** of your Faith”

As you thumb through the pages of your Pylet, I hope it brings to you a flood of happy memories and a sense of accomplishment. Pyles Camp is in no way an easy program, it is designed to provoke deep thought about oneself, challenge you physically and emotionally and provide guidance so as your life unfolds it have meaning and purpose.

Today, you get to incorporate the lessons you learned at camp into life. My message to you is about believing in yourself. When life looks bleak, examine your heart, create a plan, put forth effort and maintain an unyielding amount faith to see yourself through - You will make it.

Ponder what St. Augustine, said centuries ago, “faith is to believe what we do not see; and the reward of this faith is to see what we believe.” Thank you for a great summer. Keep in touch.

Best Wishes!

Bravo

Going the **EXTRA MILE**. “Chain”

Ed “Chain” Cadena has worked for Federal Express in Bakersfield since 1985. One day after returning from his daily route he noticed a package that had missed the shuttle to Los Angeles. Despite having put in a full day, he loaded the package and drove the four hour round trip to the airport himself. “A customer hands us a package and expects it to be there the next day” says Chain.

First coming to camp in 1966, Chain quickly became a top quality counselor and over the years took on many different roles at camp including Assistant Director. This summer Chain spent two weeks as a group counselor. Among his many talents, Chain is a national caliber long distance runner. He participated in the 1968 Olympic Marathon trials. While training for the Olympics, Chain would get up early in the morning and run to Little Kern Lakes and back by breakfast!

Chain is a true role model for all the young men associated with Pyles Camp. He truly has gone the extra mile.

Bravo

Profile

1997-98 Winter Program

Another **WINTER** has come and gone

The winter program of 1997-1998 was at full speed by October and continued all the way to the end of May just two weeks before the summer started. This last winter we increased the number of weekend campouts which provided more time for everyone to hang out with their friends from camp.

Kern County Reunion in Bakersfield

There were a variety of different events throughout the winter. Several BBQ fundraisers, camper weekend campouts, reunions, field trips to places such as the Santa Barbara Natural History Museum, Frito Lay Plant, Cal Poly San Luis Obispo and a tour of a race horse ranch to name a few.

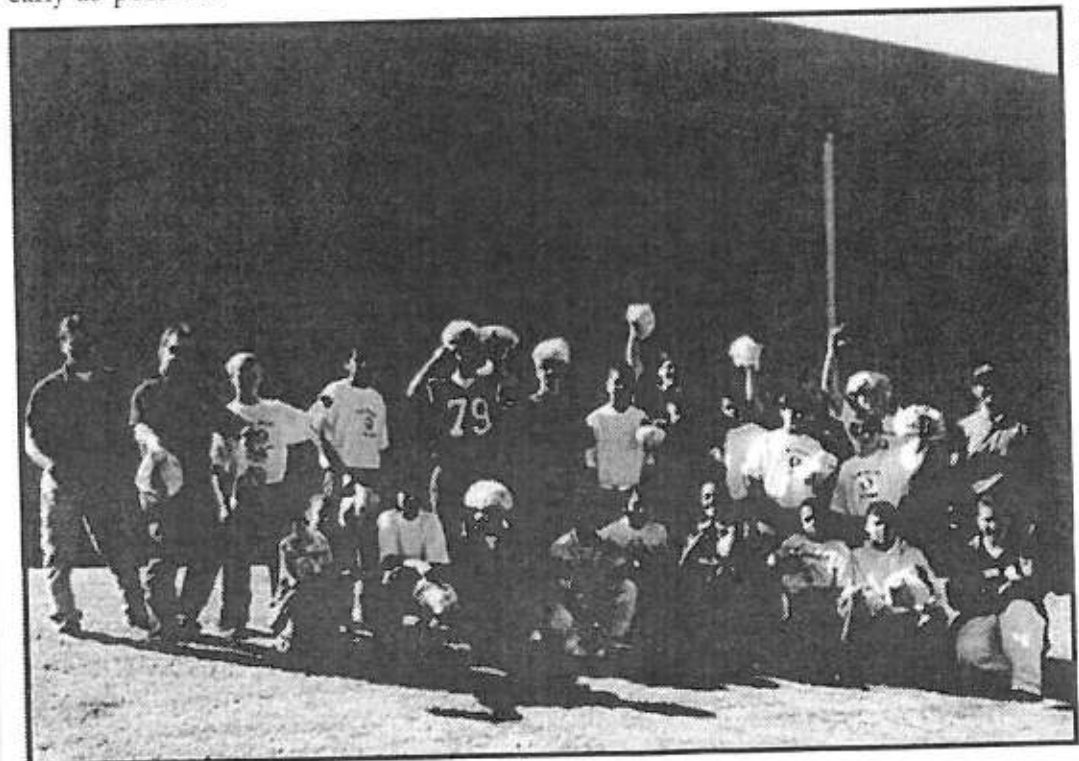

El Chorro Camp-out with Santa Maria Campers & Staff.

We also had numerous staff events from retreats to training sessions. Our thanks goes out to those who helped out on all these trips!

We have already started the winter program for this year. These trips held throughout the winter are a great way to get

away for the day or for the weekend, have a good time with your friends from camp and continue learning the lessons you learned at camp. We encourage all of you to attend as many of these events as possible. To get in on the fun please be sure to respond to the invitations as early as possible.

These trips held throughout the winter are a great way to get

winter!*

Lion Takes A Big Hit From **EL NINO!**

Throughout last winter we wondered what camp would look like after all those El Nino reports. Well, Main Camp held strong, but Lion Meadows did not fair so well. Heavy snow and wind blew several trees down, one totally demolishing a sleeping cabin while another crushed a portion of roof on the cook cabin, flattening the chimney of the stove.

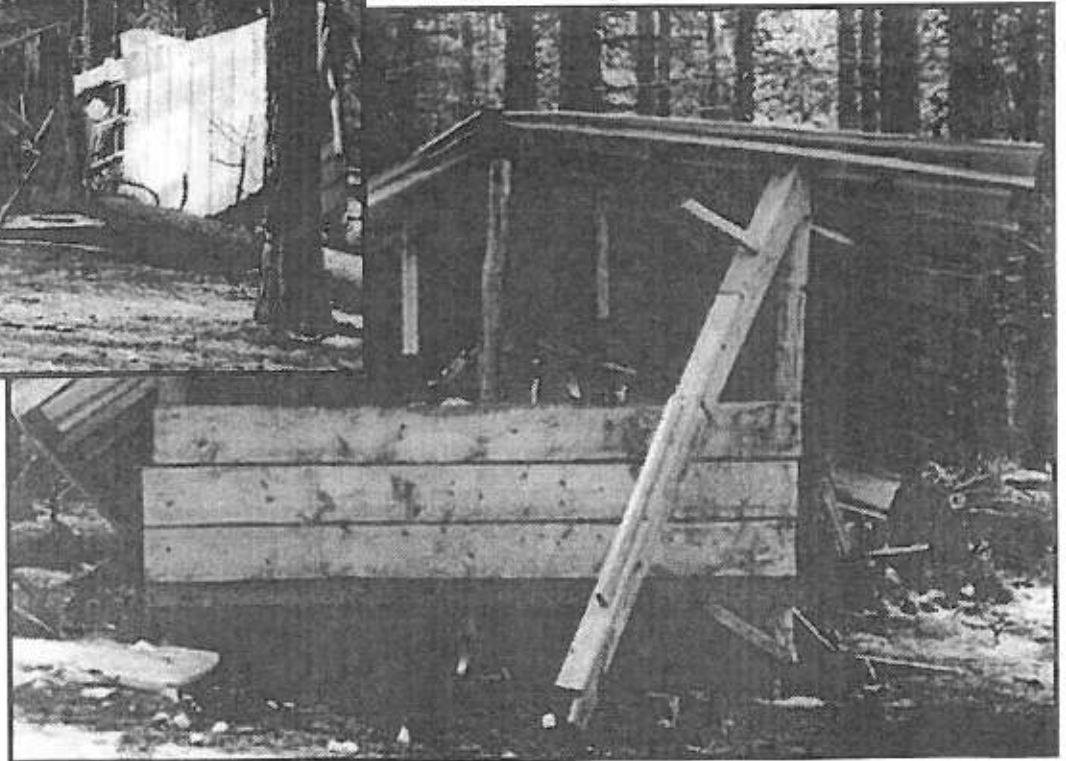

Cooking and Dining Cabin received major damage from a fallen tree.

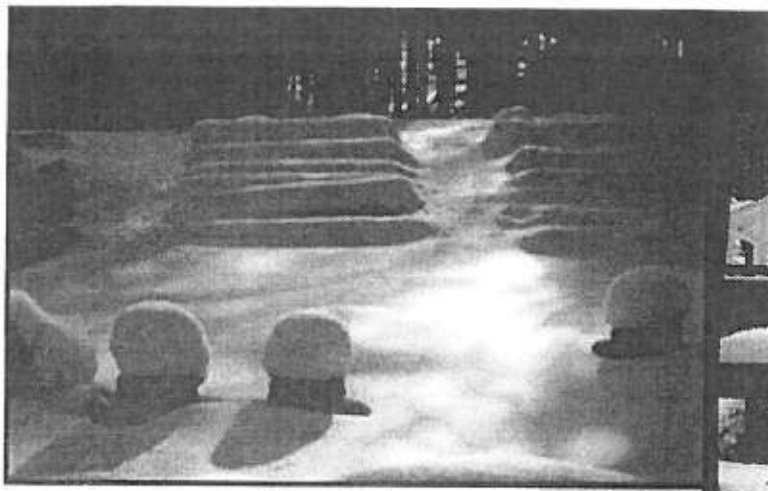

Weasel and Shotgun were able to cut the limbs and tree from the cook cabin roof and thanks to Reid Hopkins, Doug Mellor and crew were able to repair the damage and have the cook cabin back in working order by the time the first group of Lionees arrived. Yet another example of our faithful volunteers "saving the day"!

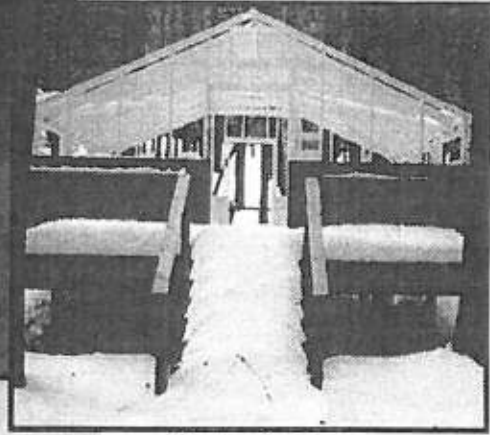

After our summer season was over Reid, Doug and a large group of volunteers from Kernville and the Big Bear Sheriff's Posse returned to Lion to take care of the smashed sleeping cabin and a handful of other greatly needed work projects. A special thanks from all the Lion Meadow staff and future Lionees who will benefit from your hard work!

Camp under a blanket of **SNOW**

This past winter Spuds, Oger, Beaver and I ventured down from the Ponderosa to spend New Years in camp. Not knowing what to expect we left Bakersfield at 5 A.M. and headed to Quaking Aspen. Upon arriving we dropped our gear and headed up to the Ponderosa to park our vehicles for the week. As we walked back to Quaking Aspen it was awesome to see the area I had seen for so many years covered in snow.

We grabbed our packs, laced up our snowshoes and headed down the trail for camp. The hike into camp was spent learning how to walk with snowshoes on our feet, trying to stay on the trail and marveling at this winter wonderland we were traveling through. After four and a half hours of pushing through the snow we arrived pretty worn out, but excited to see camp under a blanket of snow. There was about two to four feet of snow on the ground and roof

tops. Since the heavy snow fall season is in February camp could have had four to eight feet of snow!

George Bush Tree

It was a lot of fun spending New Years in camp and exploring. It was exciting to know that we were the only ones in the basin. The area takes on a whole new look, everything is white and the willows are pushed down by the snow, so you can look right across the creek. During our stay we tried our hand at building an igloo and it worked! We hiked out in a light snow storm in under four hours. Maybe the storm pushed us a little faster?

We had a great trip and hope to go back in again sometime this winter!

Alan "Woodrow" Landers

"A good friend is someone you can trust"

Alan "Woodrow" Landers was a camper in 1996 and earned the opportunity to work at Pyles Camp for the first time this summer. He is a 15 year old sophomore at North High School in Bakersfield. One of the most important things for him is to have good friends. "A good friend is someone you can trust and won't stab you in the back." He feels that with a good friend you have someone to talk with, play sports together and just be there for each other. "I look for a friend to be just like me in personality. It feels good to have a friend because he is someone you can really trust with secrets and so much more. His goals include becoming a counselor at camp and sometime "taking Waldo's Job as A.D." He also plans, after graduating from High School, on attending Bakersfield State University and majoring in Computer Technology.

"Woodrow"

"Always go to school and be great at it so you can make it in life."

Daniel "Mustang" Dirksen

"My mom works very hard to get me what I have."

Daniel "Mustang" Dirksen was a camper in 1993. This summer, through years of hard work and dedication to camp, he earned the opportunity to become a group counselor. He believes in the notion that "through hard work you can achieve everything." The thing that "Mustang" cherishes most in his life is his mom. "My mom to me is everything and anything I could ask for."

Some of the fun things he enjoys doing with his mom include going to the movies and helping her out around the house. He lives with his mom, step dad, sister, two brothers and has one sibling on the way. He is a senior at St. Joseph's High School in Santa Maria. He plans on attending San Jose State University next year to become a Commercial Airline Pilot because "I want the opportunity to see what the world has to offer. Some of his hobbies include body-boarding, weight-lifting and wake-boarding (it's like skiing).

"Mustang"

"Respect your parents and thank God that they are here."

Manuel "Bowser" Contreras

"Camp prepared me by allowing me to work with people."

Manuel "Bowser" Contreras is currently enrolled in his second year at UCLA. He feels that "getting a good education is my priority right now. I want to be somebody and education is the key to that." He feels that even though it might be tough, he will eventually get there. "Then you can be someone in life."

Bowser is the first in his family of two brothers and one sister to graduate from high school and attend a university. He has full support of both his parents who brought him and his family here from Guatemala when he was 4 years old. Bowser hasn't allowed any cultural or language barriers surround him and has always worked hard. His hard work ethic and determination were displayed when in 1996 he not only became a worker for Pyles Camp but also went through the PLT program and became a counselor, all in the same summer!

"No matter how many hardballs life throws at you, get back up and keep going."

Anthony "Tiger" Tafoya

“Being a leader with camp has helped me strive for the education that I want...”

Anthony "Tiger" Tafoya is attending Ventura College and is enrolled in Criminal Justice courses full-time. Aside from school he works for his dad part-time. "Education is important in my life so I can get further in life and get what I want. I always like to learn new things." He feels that "you never stop learning." "Tiger" was a camper in 1992 and is one of Pyles Camp most trusted and hard working leaders. His ultimate goal is to become a Sheriff Officer because "I feel that it is my duty and desire to help others and make them feel safe in their communities." "Camp has taught me to never give up and to set goals. To never look down on myself and look for positive peers instead of negative peers." Tiger feels that by being a leader with camp, it has helped him strive for the education that he wants and helped him take the road that he wants by being a leader and not a follower.

Mike "Spike" McAdams

"Camp has been part of my life from the day I was born"

Mike "Spike" McAdams has been part of camp even before he was born. He was told that the first time he was taken up to camp was when he was only 6 months old. "Spike" is the son of "Smokey," the good hearted and dedicated person Mr. Pyles picked to help create Pyles Camp. "Spike" was a camper in 1970 and quickly became a counselor two years later. He feels that outcamp was the thing he remembers most of his camper experience. Even though "Smokey" was Camp Manager, "Spike" was not treated any different when he moved through the ranks. "I was treated like everyone else, equally!" This summer served as the highlight of his Pyles Camp memories, having three generations of McAdams at camp ("Smokey," "Cosmo" and himself) He feels that even though it's already going to be 50 years that Pyles Camp started, he believes that "Camp stays afloat because it retains the same essence of all these years."

Cesar "Lovo" Molina

“Working in schools has given me the chance to help in the development of lives.”

Cesar "Lovo" Molina is the first in his family to finish high school and will be the first to receive a B.S. degree. Currently he is working at Stanford Middle School in Long Beach (which he attended) as a college aid working in the classrooms with students, including helping out in the special-ed classes. "I choose to work at the school because my little brother attends there and that way I can see how he is doing and at the same time I can be a role model at home and at school." He also feels enthusiastic about working at Stanford because "I am able to help those kids lives just like I do at camp. It is also gives me a taste of what it is to be a teacher since that is what I want to do." "Lovo" feels that camp prepared him for this job and his education in becoming a teacher by providing the opportunity to have direct contact with kids. "Camp prepared me by providing me the opportunity to learn many skills of how to work with youth."

"Lovo"

What is Success?

To laugh often and much: To win the respect of intelligent people and the affection of children: To earn the appreciation of honest critics and endure the betrayal of false friends: To appreciate beauty: To find the best in others: To leave the world a bit better, whether by a healthy child, a garden patch or a redeemed social condition: To know even one life has breathed easier because you have lived: This is to have success.

- Ralph Waldo Emerson -

The **OPPORTUNITY** of a lifetime

Lion Meadows is one of the most powerful, and instrumental parts of the Pyles Camp experience. It all starts with a twelve mile hike into the heart of the remote Golden Trout Wilderness. There you will find a beautiful meadow, Lion Meadow. Other than a few rustic cabins, a wood burning stove, and some hand made furniture, there are few signs of civilization.

In addition to the intense wilderness experience, the Lionees and their counselors run the entire program. Nana is not around to cook, there are no specialists or workers. The Lionees do it all. They have the opportunity to learn new things and improve many aspects of their life. In addition to this, they also have lots of fun, work hard, experience responsibility, trust and love. Because of this, the few who do make it to Lion Meadows, become a close family relying on and helping each other the entire time.

Like every summer, we experienced all sorts of different

challenges. El Nino left one of the heaviest snow packs ever. All of the creeks and rivers were unusually fast, cold and much higher than normal. Also, many trails and passes were covered in snow. This made for heavy packs, harder hikes and sometimes longer routes. But all who accepted the challenge were well rewarded with snow cones, snowball fights, beautiful scenery, and much more. We experienced other challenges like cold, wet weather, injuries, etc. However with team effort, hard work, initiative and determination, the Lionees always pulled through.

This summer's Lion Meadows staff consisted of Weasel, Jester, Sweetchuck, Hermano, The Edge and Top Spin. We congratulate the Lionees who attended, and hope you are doing well back at home and at school. We also hope you have not forgotten the things you learned, and the awesome experiences you had. For those returning as workers, and those who have been recommended as Lionees for next summer—

we wish you the best!

Speaking of next summer, we have expectations for those who've been recommended, or interested in taking the challenge of being a Lionee. We expect you to strive to do well at home, at school and in your neighborhoods. We want to hear how you're doing in school, send us copies of your report cards. And lastly, keep in touch with camp. Write and tell us what you learned as a camper, why you want to come back, and what you are doing with your life at this time.

There is limited space in the Lion Meadows program. So those who act quickly, make positive changes and improvements in their lives will get the first shot at becoming a Lionee.

We look forward to hearing from you!

So long for now,
Weasel

Lion Meadows

1st Sessions Lioneers: Tony Andrade, "Jester", Gary Cosper, Cody Fitzgerald, "Weasel", Eddie Brand, Eliseo Soto, Rudy Swinger, Adam Andres, Rigo Gutierrez

2nd Session Lioneers: Billy Johnson, "Jester", Chris Blevins, Ronald McCane, Joseph Alexander, Kenny Sumner, Josh Reints, Jose Valdez, Michael Aragon, Manuel Bravo, "Weasel"

A new **WILDERNESS** experience

This summer marked the second year of the Voyager program, which was expanded to two sessions. The Voyager Program, is a rough, tough, suck-em-up course designed as a third year program to enhance knowledge of wilderness skills, individual leadership and most importantly to bond together and dig deeper into themselves.

The session included spending 11-12 glorious days under the stars and awesome scenery of the Golden Trout Wilderness and Sequoia National Park, without Nana's great food and without the comforts of main camp or Lion Meadows. This gives us a great time to enjoy life, nature and most importantly time to learn.

Besides the fun activities like playing in the snow, fishing, swimming in streams and high mountain lakes, there was learning going on. These young men learned to apply low impact camping and mountain etiquette skills. They learned about maps and compasses, how to treat water, wilderness first aid, shelter building, and how to predict basic weather (only to name a few).

"Forest" providing instructions before they head out into the wilderness.

But most important were the leadership and character development skills that were discussed, learned and used throughout the journey.

A Voyager is strong and proud, hiking further than most. A Voyager is wise, challenging their wits and integrity. And a Voyager is compassionate to nature and of course to each other.

The Voyagers, learned much about mountaineering, leadership and each other. Most importantly each individual

learned a little bit more about themselves.

"Astro"

"Forest"

Voyager Program

"BillyBear" goes over the techniques of finding out where you are at all times.

"Caveman" decided to 'hang-around' after a long day of hiking.

A major part of the Voyager program was learning about leadership and the outdoors.

Training the **LEADERS** for tomorrow

This years P.L.T.'s were Thunder, Deck, Shorty, Mustang, Crew, Buckeye, Spoon, Count, Bullet, Cosmo, and Goliath.

This large group of outstanding young men were chosen to participate in our special two-week Pyles Leadership Training program based on their leadership potential, ability to work hard and their enthusiasm for the camp. Each P.L.T. learned the importance of group responsibility, teamwork, supervision, decision-making, and safety. When called to

duty, these leadership principles will help our P.L.T. graduates be effective Pyles Camp counselors. In addition to the counseling skills, the P.L.T.'s went on outcamp to learn valuable backcountry living skills.

"Coach"

Facilitating the two-week training program were Coach and Woody. Both provided a professional level counseling, leadership, and backcountry skills. Coach, a Commander with the Kern County Sheriffs Department, and Woody, a former Outward Bound instructor and highly skilled wilderness person.

Congratulations to Thunder, Deck, Mustang, Crew, Spoon, Bullet, and Goliath for their successful transition to group leaders.

"Woody"

Voyagers in Leadership Training

Walk-Ons

New staff members join our **FAMILY**

The staff at Pyles Boys Camp form a very tight knit bond with each other. This tends to make for a very strong dedicated family atmosphere. The majority of the staff are former campers that have come up through the ranks and share similar life stories.

Each year we recruit a handful of "walk-ons", staff members that have not been campers, to supplement our line up. Walk-ons add new blood to the staff, bringing with them fresh ideas and energy. Walk-ons are great additions to the staff, but sometimes find it hard to bond right away. This year's walk-ons quickly and eagerly jumped into the program proving their dedication to the program, and quickly being accepted into the Pyles Camp family. But, most importantly – they did a great job!

"Crew"

"Buckeye"

"Grizzly" with "Woody"

"Spoon"

We would like to thank: Thunder (Chico State), Crew (Ohio State), Buckeye (Notre Dame), Spoon (Bakersfield College), Moose (Minnesota), Dakota (North Dakota), Count (Ventura College), and Grizzly (Alaska) for their hard work and dedication to the program and helping make the summer a success. Welc

"Moose"
(with the torch)

Alumni

Special thanks to the **ALUMNI** staff of '98

We also send a special Thank You to all the alumni staff that came back to work at camp this summer. Alumni play an important role at reinforcing some of the traditions that have been built over the years. It is always fun to hear about the traditions, stories, and some of the history of camp. This year nine alumni took at least two weeks out of their busy schedules to attend camp and give back to the program:

Sidewinder	Counselor
Sting	Counselor
Thorn	Counselor
Spike	Counselor
Chain	Counselor
Woody	PLT's Leader
Beaver	Wrangler
Seymour	Wrangler / Nature Specialist / Nature Center Curator
Big Al	Assistant Director

Once again thank you for all your hard work and dedication this summer. You were truly a valuable addition to the summer! We always welcome help from our alumni, and the summer is a great time to do it. If you are interested in lending a hand or taking on the challenge of another group PLEASE do not hesitate to give us a call!

PYLES BOYS CAMP
STAR ROUTE 1
P.O. BOX 108
KERNVILLE, CA 93238

AUGUST 10, 1998

ATTENTION: BRAVO

I BELIEVE A HIGHER POWER CREATED A CHAIN OF EVENTS THAT CAUSED ME TO BE LEADING MY HORSE AFTER DARK IN THE MOUNTAINS. I WAS VERY TIRED AND HAD NO SUPPLIES AND THE THOUGHT OF SPENDING A COLD NIGHT IN SHORT SLEEVES, LEANING AGAINST A PINE TREE WAS BECOMING A REALITY.

I WAS ASKING FOR GUIDANCE WHEN I SAW THE LIGHT OF A CAMP WHICH I HAILED AND WAS ASKED IF I NEEDED HELP. I SAID THAT I NEEDED TO REST AND WOULD APPRECIATE IT IF I COULD SHARE THEIR FIRE.

SEVERAL OF THE BOYS OFFERED ME A DRINK OF WATER AND THEIR LEADER "GOLIATH" INQUIRED AFTER MY WELL BEING AND ASKED IF I WOULD LIKE SOMETHING TO EAT. I WAS HUNGRY BUT HESITATED NOT WANTING TO EAT WHAT THEY HAD CARRIED ON THEIR BACKS. THEY WERE HAVING BEAN AND CHEESE BURRITOS. AFTER WATERING AND PICKETING MY HORSE, AND AFTER MUCH PERSUASION, I ACCEPTED.

THEY ASKED IF I WOULD LIKE TO SPEND THE NIGHT AS THEY HAD A GROUND PLASTIC AND AN EXTRA SLEEPING BAG THAT NO ONE WOULD BE USING SINCE IT WOULDN'T STAY ZIPPED. I ACCEPTED AFTER MAKING SURE THAT IT REALLY WAS EXTRA.

GOLIATH SAID HE COULD RADIO OUT TO HIS BASE CAMP, SO I ASKED HIM TO ASK SOMEONE TO CONTACT MY BASE CAMP AND INFORM THEM THAT I ALL RIGHT AND WOULD SPEND THE NIGHT. THERE WERE SONGS AND TALES AROUND THE CAMPFIRE. ONE OF THE BOYS ASKED WHY THE HORSE KEPT WHINNYING AND I TOLD HIM I GUESS HE GETS LONESOME TOO.

THE NEXT MORNING, SHORTLY AFTER SIX, I WAS SADDLED AND READY TO GO. THE BOYS WERE STILL ASLEEP, BUT GOLIATH STOOD AND SHOOK MY HAND AND SAID HAVE A SAFE TRIP. I THANKED HIM FOR THE HOSPITALITY AND TOLD HIM HE HAD A GOOD BUNCH OF GUYS, THEY REALLY SAVED MY BACON.

I WILL NEVER FORGET MY EXPERIENCE WITH THIS GROUP OF FINE YOUNG MEN OF PYLES BOYS CAMP. WE CAN ALL BE PROUD OF THEM AND IF I HAD A SON, I WOULD WANT HIM TO BE JUST LIKE GOLIATH.

Al Atkinson

Special Recognition

Goliath and the Pathfinder's - Ambassadors of the camp

We would like to recognize Goliath and his fifth session group the Pathfinders: Matt Cole, Gabriel Ballestreros, Aaron Canizales, John Crum, Juan Ramirez, Chris Jenkins, Anthony Carmelo, and Jesus Gonzales for being great ambassadors and role models for the camp.

Actions like these are what make us all better people and give Pyles Camp such a great reputation. Thank you lending a hand to those in need!

1998 Staff Roster

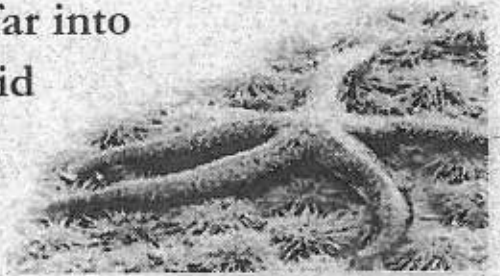

Here is a handy list just for YOU! Take some time to write to your counselor or other special friends you made while you were at camp this summer. As always, you can write to Rocky, Bravo, Shotgun and Peanut at the camp office:

MAKE A DIFFERENCE WITH YOUR LIFE!

A man walked along the beach after a great storm had washed thousands of starfish on shore. Moments later he observed a boy throwing starfish back into the ocean. He stopped and asked the boy "why are you throwing starfish back into the ocean, there are thousands of starfish on the beach, what possible difference can you make?" The boy, picked one up, looked at it, and threw it far into the ocean. He glanced at the man and said "to that one it made all the difference in the world!"
