We publish this magazine for you as a reminder of your experience at Camp. You can see pictures of you and your friends, activities, and remember what it was like at Camp. Share the lessons you learned and the fun you had with your family and school friends as you show them your Pylet from the summer of 1993!

## AL AND KAY BALL

Al and Kay Ball have helped Pyles Camp at fundraisers and work parties for 26 years. Camp was always a big part of their lives as over the years, their sons, Major and Colonel were camp counselors. Colonel went on to serve as one of the camp's managers for many years. Through all this time, Pyles Camp was among their highest priorities. We want to honor their service with this special recognition. Sadly, Kay passed away a few months ago—but we will remember her with warmth and great love for her devotion.

*Thanks to you Al and Kay, for keeping Pyles Camp in your heart!*

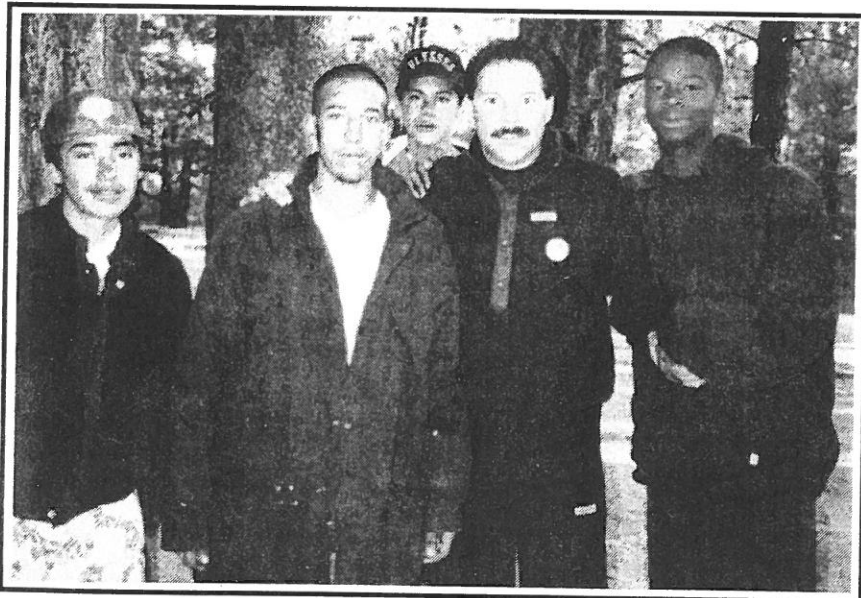

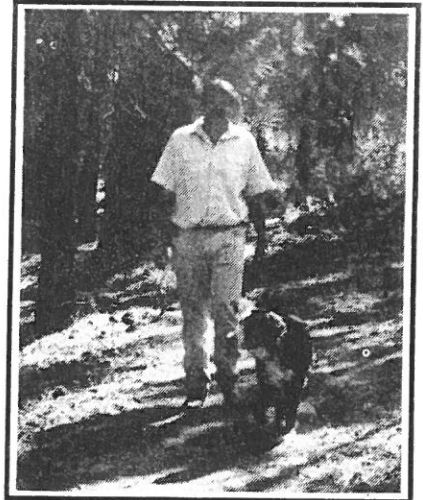

# STAFF MESSAGES

Hello Everyone!

As the Boys Camp approaches its 45th summer, it is time to reflect on the past year. Many of you met the challenges of your camp experience with great energy and learned more about yourself than you ever thought possible. You learned that you can do more than you first believed you could do, that you could hike up difficult hills, learn new skills, and get along with "different" kinds of people who turned out to have a lot in common with yourself. This is key to getting along in your home, neighborhood, and school. We can accomplish very little by ourselves--the people around us are the ones who help make us successful. We must have the desire, drive, and dream to follow, but it is our family and friends that support us along the way. Look around. Who also needs your support? This effort today is how you can build a better tomorrow. Pyles Camp taught you how to overcome many challenges--but the lesson is that we really succeeded together.

In the Camp Spirit,

*Sarge*  
Sarge

Dear Friends,

1993 marks my twentieth year associated with R. M. Pyles Boys Camp. As I reflect back, I think of all the good people who influenced me to be a better person, and I also think of the many heart-felt friends from camp that have enriched my life. I feel blessed and a warm and sincere thank-you goes out to all of you who have touched my life! Thank you for your love!

Today I encourage you to let those people whom you love know that you care and appreciate them. As a reminder of this important gesture I share the following poem with you. I hope this poem inspires you to take the time to say "I love you."

*"Don't keep your love and tenderness sealed up until your friends are dead. Fill their lives with goodness. Let them know while their ears can hear them and while their hearts can be thrilled by them."*

In friendship,

*Bravo*

## IN MEMORIUM

WILLIE AVILA

OCTOBER 30, 1976 — FEBRUARY 1, 1993

Willie came to camp in 1990 like many of us at a crossroads in his life. His camp experience, in Fletch's group, was life changing. He jumped into the program and became one of the groups leaders. Willie was responsible and showed a great deal of pride in his work. He was highly recommended to return in 1991 as a Lioneer. There he impressed Zorro, who praised his dependability, enthusiasm, friendliness and cooperation. Willie had the ability to interact with individuals from very different backgrounds. He always had a smile, and was always willing to share it. He was highly recommended to join the camp staff as a worker. We believed that he would have quickly grown with the program to become a new young counselor. We will miss him for his energy and hard work, for his love of camp, and of course, his smile.

# WORK PARTY

---

EVERY YEAR BEFORE WE CAN HAVE CAMPERS COME TO ENJOY CAMP, THE SITE HAS TO BE PREPARED. SOME YEARS THIS MEANS LOTS OF PAINTING ROOFS AND SEWING SLEEPING BAGS, OTHER YEARS IT MEANS BUILDING A NEW CABIN OR INSTALLING A NEW POWER SYSTEM OR WATER LINE. WE DEPEND ON A CORPS OF TERRIFIC VOLUNTEERS WHO ATTEND ONE OR BOTH OF TWO "WORK PARTIES" IN THE SPRING. THESE WEEKENDS ARE LONG ON WORK. VOLUNTEERS OFTEN ARRIVE FRIDAY AFTERNOON TO GET STARTED ON PROJECTS THAT WILL KEEP THEM BUSY UNTIL SUNDAY AFTERNOON. THIS IS A DEDICATED GROUP WHO WILL LET NO OBSTACLE COME BETWEEN THEM AND THEIR GOAL. IN THIS WAY, THEY ARE GREAT EXAMPLES OF THE IDEALS OF PYLES BOYS CAMP. WE CANNOT SAY ENOUGH ABOUT THEM AND THEIR DEDICATION TO THE CAMP. THANK YOU ONE AND ALL!!!

*Long time work party volunteer Dutch Kruger is a prime example of what makes Pyles Camp volunteers so terrific. The work needed to be done, and regardless of the weather he is out there making sure it gets done for Pyles Camp. Thanks Dutch!*

# LION MEADOWS

---

Lion Meadows is an opportunity for a few selected campers to have a second chance at a Pyles Camp experience. Lion is a few rustic cabins, a wood burning stove, and a beautiful meadow deep in the Golden Trout Wilderness. Lioneers learn to depend on each other, to work together, and to share the Pyles Camp experience on a higher level. It takes work to get there, but is worth the effort! There is a chance to hike to high alpine lakes, play on mountain glaciers, and to experience nature in its wilderness beauty. You will sleep under the stars, bathe in the clear mountain stream, and grow into more of the potential you discovered as a Pyles camper.

Lion Meadows is the next possible step toward becoming a staff member at camp. Lion counselors recommend the best Lioneers to return for worker positions.

This year's Lion Meadow counselors were Amigo, Arrow, Blaster, Bojangles, Coach, Dodger, Panther, Reckless, Ref, and Spuds. Alternating as program directors were Hermano, Shotgun, and Zorro.

Lion Meadows is an specialized program. We can only accept a small numbers of campers. Applications will be sent in January to those recommended by their counselors and to a select few who demonstrate by their letters to us at the office that they are ready for the experience. Out of all the applications only the few best are chosen to attend. The best chances usually to go are those of you who keep in touch by writing a letter to Bravo to let us know how you are doing at school and at home. With the right attitude, you could be going to Lion next summer!

*1st Session: Shotgun, Coach, Josh Langley, Glen McCullough, Enrique Costa, Amigo. Mike Anderson, Jeremy Roybal, Carlos Torres, Heraldo Navejas, Justin Ray*

# LION MEADOWS WORK PARTY

This last summer, during sixth session, Lion Meadows underwent a reconstruction project. The venerable cook's cabin was in need of some rafter replacement and general major maintenance. The problem was to make the structure safe and strong, but keep the rustic atmosphere. Our answer came in the generous work offered by Doug Meller, Reid Hopkins, "Chislom", and a crew of family and friends. Chislom added to the foundation during the previous session. Then the whole crew dismantled the old cabin and built up the new walls shown here from trees cut from Lion Meadows. Doug's expert skills have given us a cabin that could last one hundred years. They will go in early next summer to add rafters and a new tin roof to complete the job.

In the photos here you can see the old cabin, followed by the process required to cut each tree into the proper knotted form. Each log needed more than six people to carry it into place. Campers from Enoch's group helped during outcamp. The Lioneers provided invaluable help to get the job to this stage.

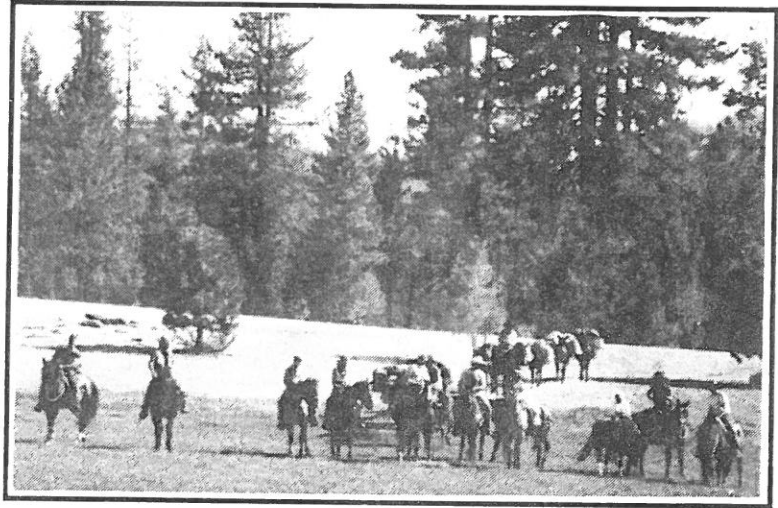

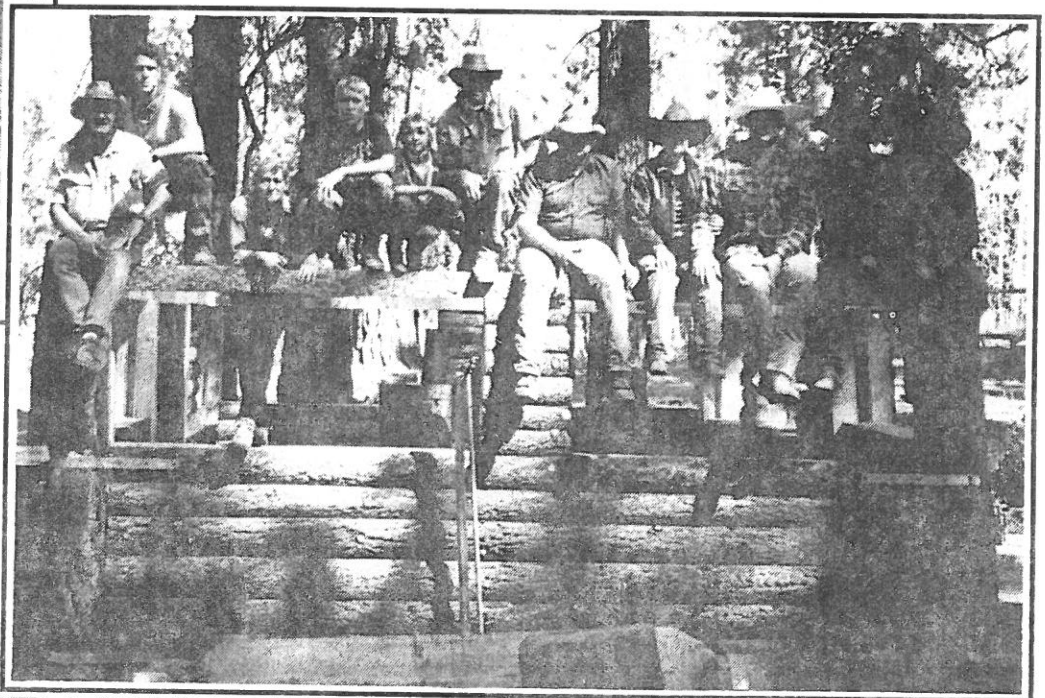

# Rustic Reconstruction

*Doug crafts a notch*

*The proud volunteer crew*

*A job WELL done!*

All of the people and supplies were carried out by horses and mules. The group is seen above crossing Burnt Corral. They provided enough materials to keep the group working for one straight week in the backcountry. On the left you can see the project to date. Straight, true, and sturdy, this cabin with its new stove ready for installation, will serve Lioneers for decades to come. A special thanks to everyone who volunteered to make this a reality!

## CHP DOG SHOWS

In the 1970s we were privileged to have the Tulare County Sheriff's Department present demonstrations using their highly trained canine units. One camper-turned-counselor, who witnessed these dog shows, grew up to become a success in the Marine Corps and serves Kern County now in the California Highway Patrol. He recently became the first CHP officer in the county to get a canine partner. Remembering the positive impact this had for him as a camper, Sean McEnutly brought his dog Xaro to camp several times this summer for demonstrations. He often came with Kern County Sheriff's Deputy Baker and his canine for a great double performance. Thanks to both for re-introducing a super addition to our summer program!

## FIELD TRIPS

During the year, groups of campers will be invited to participate in special field trips. In the past, we have taken boys to events such as film productions to see a movie being made and to a college campus to learn how to get a great education after high school. Here campers and Lioneers pose in front of Cal Poly San Luis Obispo during a college career trip.

You may be selected to a similar field trip or even a chance to spend a weekend camping with some of the staff during a winter program. Watch for your invitation.

# STAFF ROSTER

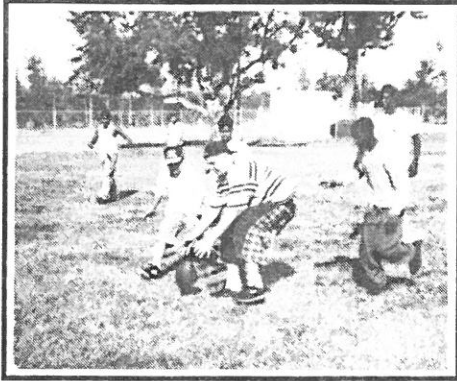

Here is list of addresses for the staff from the summer of 1993. Take some time to write to your counselor or other special friends you made while in camp this summer. As always, you can contact Rocky, Sarge, or Bravo by writing to us at the office address:
